Spring 2013

You're Invited To The NCPAA 15th Annual Conference!

Welcome to the Magic City of Orlando and the Sunshine State Florida. We Are glad to Have you!

This year the National Citizens Police Academy Association will be hosting their 15th Annual Conference in Orlando, Florida on April 29-May 2, 2013. This is the first time we have ever hosted in Florida. We are so excited to be holding the conference in this fun and magical destination! We are ready to have great conference, to learn new and interesting topics, to network with your peers and be at a great location to relax and enjoy.

If you have a citizen's academy or your agency is planning on starting one, this conference is for you. We have also expanded the conference to four days, in an effort to provide more training and topics for our attendees. Besides offering our core Citizen's Academy Coordinator Certification and update re-certification courses, we have worked hard to bring you more information to take back and share with your agencies, academies and alumni groups. This conference is the perfect opportunity to enhance citizen's academy efforts, develop resources and expand knowledge through an intensive schedule of break-out courses, specialized training and networking opportunities. Please see inside this issue for a listing of the conference courses being offered this year.

We urge you to register early to save money and remind you that the cutoff date for the conference hotel rate is April 5, 2013. After that date we cannot guarantee you the NCPAA

conference rate. Please be sure to handle these matters quickly.

Besides the excellent training this year, there will be plenty of after conference hours activities to enjoy. Nearby shopping outlets, Universal Studios®, SeaWorld® and Disney World® are just a few of the many places to visit. You might even consider coming pre or post conference to make a mini vacation out of your trip. We hope you have considered making this conference into an extended stay and enjoy Florida!
