

Dear Members,

In the past few years our world has gone through critical times, where we have been forced to stay indoors, isolate from our loved ones, and do what we can to keep everyone safe. This has affected many of us in our work, home, social and active lives. In these challenging times we need to unify, and support each other, and keep our Communities healthy and safe.

Your Board of Directors continue to meet regularly, to come up with ideas to keep you engaged and involved. Like everyone else, we were deeply disappointed that we had to cancel two Conferences. It was very nice to meet with you virtually in November, and since then we have worked on planning more virtual meetings.

Please watch your email for upcoming meetings in 2022 with exciting topics and speakers! We are planning ahead for a 2023 Conference and look forward to sharing the exciting content and details with you throughout the year.

We can't wait to be with you in person again, but for now, please continue to engage with us and share your ideas of what you would like from the NCPAA.

As you look to renew your membership in 2022 you will notice two things. We have changed the membership to run from January to December annually. If you renewed your membership prior to September 1, 2021, your 2022 membership is now due for renewal. If you renewed your membership after September 1, 2021 your membership is due for renewal January 2023. Our membership fee has never been adjusted for many years, so at this time we feel that it's time to make a nominal increase to \$50 USD per calendar year.

On behalf of your NCPAA Board of Directors, thank you for your continued support, for your professionalism, and for your continued commitment to public safety.

Catherine Conoboy
President, NCPAA
